

Week 11 -- 10/25/21-10/31/21

Goal of the Week:

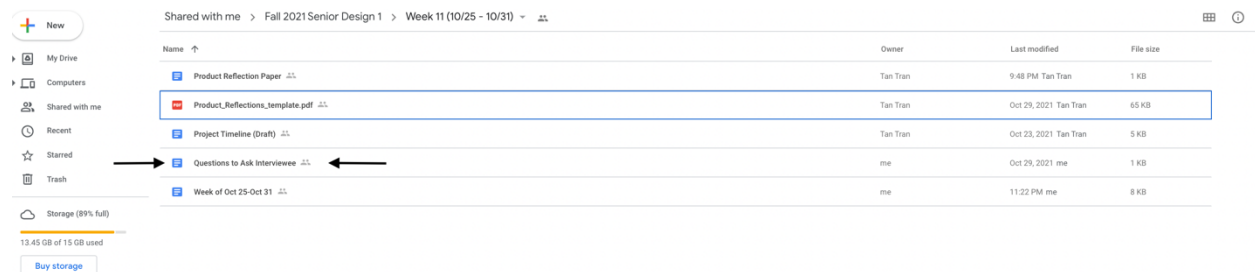

The goal for this week was individually work on our block diagrams and work on the tasks that were assigned to each of us through Trello.

General Note:

The team met up on Friday October 29, 2021, at 10:00AM. We started off by discussing what everyone had completed for the week, and what they planned on working in the upcoming week. We went over what communication had to be done with Tabor, along with discussing how we would work on our Product Reflection that was due the following week.

Results and Conclusions:

We let everyone know to check Trello to see what their tasks were for the upcoming week and let Karishma know that an email would need to be sent to Tabor to set up a meeting time as well as the questions we needed answered. We made a Google Doc where we would make a list of questions to ask our interviewees at Tabor. We also discussed who would be working on what parts in the Product Reflection Paper.

The screenshot shows the Google Drive interface. On the left is a sidebar with navigation options: New, My Drive, Computers, Shared with me, Recent, Starred, and Trash. The main area displays a file list for the folder 'Fall 2021 Senior Design 1 > Week 11 (10/25 - 10/31)'. The file list has columns for Name, Owner, Last modified, and File size. The files listed are:

Name	Owner	Last modified	File size
Product Reflection Paper	Tan Tran	9:48 PM Tan Tran	1 KB
Product Reflections template.pdf	Tan Tran	Oct 29, 2021 Tan Tran	65 KB
Project Timeline (Draft)	Tan Tran	Oct 23, 2021 Tan Tran	5 KB
Questions to Ask Interviewee	me	Oct 29, 2021 me	1 KB
Week of Oct 25-Oct 31	me	11:22 PM me	8 KB

At the bottom left, there is a storage status bar indicating 'Storage (89% full)' and '13.45 GB of 15 GB used', with a 'Buy storage' button.

Next Steps:

We plan on finishing up on our block diagrams if needed as well as completing our Individual Journals that are due Sunday, October 31, 2021. We also will complete our assigned tasks and will meet up in one week to discuss the progress of our tasks, and if more time is needed to complete those tasks.
